

# School Holiday Activities

**Our teacher, Vani, shares interactive projects to keep little hands busy over the school holidays. Read on for lots of fun-filled ideas to keep your little ones entertained for hours!**

## Exploring with texture

Give your little ones senses an opportunity to feel and explore painting on different textures.

---

*What you will need:*

---

- Paint
- Bubble wrap
- Sand paper
- Tissue
- Tape

1. Lay a white sheet or newspaper to cover the floor for easy clean up.
2. Place the bubble wrap, sand paper and tissue on the floor and stick them down with tape. Make sure it is secure.
3. Pour paint of different colours and off you go! All set and ready for messy play!
4. Your children will have a great time using their hands and feet to explore painting on different textures.

*Get their senses exploring!!!*

---

*What you will need:*

---

## Water gun painting

Let's get those little ones creating masterpieces.

- Water gun
- Art block
- Food colouring
- Water

1. Tape the art paper up in a preferred area.
2. Mix a few cups of water with different food colouring.
3. Fill the water gun with the mixture. And you are set! Have fun shooting and creating little master piece

---

*What you will need:*

---

- Playdough / clay
- Vinegar
- Baking soda
- Food colouring

## Volcano!

This is a great science activity, really simple to set up but is lots of fun.

1. Mould the playdough or clay into the shape of a cone.
2. Put in a few tablespoons of baking soda.
3. Mix a small cup of vinegar with a few drops of food colouring.
4. Pour the mixture in AND BOOM!!!

*And Boom it goes!*

---

*What you will need:*

---

- Bubbles
- Food colouring
- Art block

## Bubble painting

A super fun way to get messy and create beautiful textured artwork.

1. Lay mahjong paper or art block out in your preferred area.
2. Add food colouring to the bubbles and mix.
3. Get your child to blow bubbles downwards, onto the paper.
4. That's it! Watch the bubbles create a beautiful art piece! I am sure you will be impressed with the creation!
